<p>The Federal "Reduction of Lead in Drinking Water Act, 42 USC 1201", et seq ("Act") goes into effect on January 1, 2014. This quotation may include leaded material specified for this project. However, after December 31, 2013, the Act prohibits Connor Co. from selling and prohibits you from installing any pipes, pipe fittings, plumbing fittings, or fixtures used to convey water for potable use containing a weighted average lead content of more than 0.25 percent. If you do not accept delivery of any leaded material specified herein before January 1, 2014, you agree that Connor Co. will substitute "lead free" material (as defined in the Act), and you agree to pay to Connor Co. the quoted price PLUS the increased cost of the substituted product which complies with the Act.</p>
